sky

The 650 SKY is the pinnacle of design and technical prowess. Be transcended and transformed as the 650SKY leaves you breathless as her volume belies her physical dimensions and every turn offers a game changing innovation. The carbon fiber SKYdeck roof panels eloquently disappear to reveal a large bridge while the available tender garage and rotating cockpit seat provide for endless vistas and truly unique experiences onboard. With the proportions of larger yachts designed carefully into an amazing package.

Galeon's award winning innovation allows the windshield to open for unfettered access to the bow.

Scenic views abound through large sweeping windows throughout the saloon, forward helm and gourmet galley.

Luxurious accommodations await including two owner's staterooms with plush centerline beds and en-suite heads. Choose your favorite, full beam centerline or forward centerline (pictured).

Note: Layout and features may vary from shown here due to manufacturer consideration and client customization.
