WELCOME HOME**

SIRENA 88^{RPT}

HOW FAR CAN WE TAKE YOU?

WOULD YOU LIKE TO TOUCH THE HORIZON?

WE CAN'T TAKE YOU TO THE MOON,
HOW ABOUT THE NEXT BEST THING?

**HOW ABOUT MATERIALIZING YOUR
UNCONSCIOUS?**

Your imagination is our promise to take you above and beyond.

Wide, voluminous, safe. Silent by design.
Engineered with passion. With attention to every detail. In supreme comfort, the Sirena 88 can take you to the roads less traveled. You can now cross the seas to the secluded bays you have dreamed about. Your journey will never need to end.

“ Our design work is backed by our solid racing and cruising tradition at sea and a clear understanding of the enjoyment and peace of mind that life on board yields, which can be taken to a higher degree by the beauty and functionality of the design. ”

The Sirena 88 is a masterpiece. Pure in her philosophy and vision, she represents the master craftsmanship and tradition that all our Sirena yachts exude, yet she is in a class of her own.

She is a true expedition-go-anywhere small yacht in comfort and safety on a dynamically stabilized offshore design.

According to the hull characteristics and design; the Sirena 88 is an evolution of her smaller sister the Sirena 64, a low resistance, sea kindly hull, that performs efficiently with a minimum amount of fuel consumption at all speed ranges, including high speed. The maximum speed will be in the order of 25 knots depending on the engine power rating selected among the options offered. Cruising range will be 2100 miles at cruising speed.

Accommodations space is very generous and includes the full width, main deck owner cabin with its own balcony to the sea, plus four en-suite cabins, one of them a very large VIP guest suite. Two formal dinner areas, one “al fresco” on the upper deck and a second on specially designated area on the main deck saloon are featured.

The fully fitted bridge is independent and separated from the rest of the interior accommodations with direct access to a double command on the upper deck. The foredeck it is fitted with special seating/sunbathing area on the foredeck fitted with an optional jacuzzi.

Welcome home!

Cor D. Rover

Timeless, luxurious and innovative exterior-interior yacht design.

The Sirena 88 is designed with lines that are unique but recognizable, not exaggerated but surprising. Lines that are beautiful today and will be tomorrow. In other words, reflections of perpetuity. In our vision you can only achieve these results with a strong interaction between client and designer. It's a search for timeless beauty. With respect for both classic lines as well as modern shipbuilding-techniques, together we will search for that single style that makes it to what it eventually will be: the Sirena 88: a brilliant combination of different worlds!
