BOAT -USE- RULES

Holiday weeks: Summer, Easter holidays and New Year's Day will be distributed equally among shareholders. The order will be determined by draw and will rotate on a yearly basis. Holiday weeks will be marked on a calendar with specific colors. This rule will apply to long weekends and other official holidays too.

Each shareholder will share a list with special dates such as birthdays, anniversaries and special occasions in order to reserve the boat on those weeks; if such dates coincide with other shareholders' special dates, the same process applied to holiday weeks will apply for special dates.
