fly

The 480 FLY is the pinnacle of maritime elegance. This innovative yacht emphasizes spaciousness and light, with expansive windows on both the main and lower decks, flooding the interior with natural light, as well as extending the cockpit with partially glazed balconies with the return of the signature Beach Mode. Utilizing carbon fiber construction, the yacht's reduced weight enhances both handling and space.

Note the enormity of the hullside windows, which help bathe the stateroom in natural light.

The salon is well-lit thanks to the panaramic, large windows that encapsulates the cabin, and a steeply raked windshield.

Note: Layout and features may vary from shown here due to manufacturer consideration and client customization.

The flybridge offers two comfortable seating areas, a wet bar, and a fully equipped upper helm
